Mehmet Akif Küçükyılmaz

Software Engineer

I'm 27 years old. Since my childhood, I have been interested in rapidly developing and computers, that's why I headed to software field. I have developed myself in this field during my studies. I speak English more often because of my personal life. I have discovered my missing talents and i am trying to improve on them. Furthermore, in the emerging technology world, I follow and learn about emerging talents and innovations. I describe myself as well-disciplined, hardworking,suitable for teamwork, fast learner, responsible employee, fast at practical, trustworthy, open to learning and changes, desirous and curious person. Most importantly, i believe imagination is the fuel of man. I'm currently learning **ReactJs and NextJs**

My goal is to develop myself in the field of software development, create my company and release my games.

Here is my projects and portfolio website:
